

Use four strands of embroidery thread throughout. A four inch embroidery hoop recommended.

Bring the needle up at the starting point of your line. Take the needle back down through the fabric either to the left (if right handed) or right (if left handed) to make a stitch. Bring the needle back up through the middle of the stitch, splitting the threads. Take the needle back down in same direction to finish the stitch.

Continue to bring the needle up through each previous stitch to continue the split line.

fiber art workshops

& resources to

weave Magick into

your crafts.

Hi I'm Liz Wotkin  
-fiber artist  
and educator.

I started OpenCoven  
to share my passion  
for creativity.

My workshops take you  
step by step through  
each project, & you'll  
learn many hand  
sewing techniques.

My online courses  
have videos &  
printable guides,  
as well as access  
to a private work  
group.

For more info & to  
register:
